

Bring Back The *Magic!*

Help get a new Disney station on television! Join the fight to bring back the REAL Disney Channel that shows Walt Disney's vision of what a Disney network should be.*

The *Disney* Channel

"In the 1980's and 1990's, the original Disney Channel had programming targeted not only to children, but adults as well. Not any more. Wouldn't it be awesome to get a brand new Disney Channel on to television, in addition to the original, where high-quality programming for kids 'and' adults would be featured on a station once again worthy of the Disney name?"

-- Daniel Mart, Campaign Founder

* Note that we are not trying to alter the current Disney Channel. We would like to see a channel more like the original Disney Channel, which reflected Walt Disney's vision of true family entertainment.
